

Multipurpose 3 in 1 Saw

- Ergonomically designed handle made with glass filled, high strength nylon to support six different blade positions
- Diamond pattern and rubber overmolding on the handle allows end users to use the saw with reduced slip grip
- No tools required for blade change
- Integrated blade storage. The turn knob allows the user to conveniently store all 3 blades on the handle when not in use
- Multiple position handle allows access to tight corners
- 10" Universal blade cuts on the pull stroke and is less likely to jam or bend
- 10" Universal blade cuts through tree limbs, 2x4's and plastic pipes
- 8" Compass saw blade carves patterns and shapes out of wood
- 6" Metal cutting blade cuts through metal pipes and metal rods

Adjustable handles
